

KSM PROJECT SEABRIDGE GOLD

The 2018 Seabridge Gold –KSM Project Winter Bursary Application

Seabridge Gold owns the KSM Project, a proposed gold, copper, silver and molybdenum mine, located 65 north of Stewart, BC. The KSM Project will employ approximately 1,800 people during its 5-year construction and approximately 1,040 jobs during its 52-year mine life. While construction has not yet started on the KSM Project, Seabridge Gold supports building a strong workforce in northwest BC and finds value in supporting local residents to further education and training. As a result, Seabridge Gold is implementing a 2018 bursary program to support students from northwest British Columbia (BC) access education and training.

If you are a resident of northwest BC (defined as west of Burns Lake north to the Yukon border), currently enrolled in studies, complete the following application with an opportunity to receive up to \$4,000. Applications will be reviewed and scored, based on the completion of the six sections and submission of the required documents. This is the winter round for the bursary program and is open to students currently enrolled in studies for the winter semester (January – April 2018) and will be announced on March 15, 2018.

Submission Deadline: March 1, 2018 Results Announced: March 15, 2018

Name:				
	First	Last		
Contact Information:				
	Mailing Address:	City:	Province:	Postal Code:
