

THE KSM PROJECT

DESIGNED TO MEET THE HIGHEST ENVIRONMENTAL CRITERIA

February 2015 – January 2017: Engagement with Alaska after EA Approval

- Held 10 meetings with Alaskan State agencies and US Federal agencies.
- Exchanged eight correspondences with Alaskan State agencies and US Federal agencies.
- Wrote letter to Secretary Jewell to provide factual project information after Earthworks put forth a water petition in 2016.
- Responded to questions proposed at Seabridge Annual General Meeting in 2015.
- Presented at the Southeast Conference in 2015.
- Presented at the Juneau Chamber of Commerce in 2015 and 2016.
- Presented at 2016 Prince of Wales Island-Wide Mining Symposium.
- Corrected 18 public records of the KSM Project through letters to the media and posts on the KSM Project website between 2015 and early 2017.
- Created 'Working with Alaska' page on www.ksmproject.com in 2015.
- Participated in three interviews with Alaskan media in 2015 and 2016.

Alaskan/US regulators involved in reviewing the KSM Project:
