

SEABRIDGE GOLD

Seabridge Gold Inc. is seeking a full-time **Senior Analyst**. Seabridge Gold was founded in 1999 and holds a 100% interest in several North American gold projects. Seabridge's assets include the KSM and Iskut projects located near Stewart, BC, the Courageous Lake project located in the Northwest Territories, the Snowstorm project in the Getchell Gold Belt of Northern Nevada and the 3 Aces project in the Yukon Territory. Seabridge strives to provide opportunities for people who have talent, passion and integrity and the desire to work within an organization that values and supports them. For further information on our company, please visit www.seabridgegold.com.

The **Senior Analyst** handles all environment, social, and governance (ESG) data analysis and reporting, the risk management system (RMS) analysis and reporting, due diligence virtual data base management, and financial analysis of projects/acquisitions on both a pre- and post-tax basis. This role interfaces with exploration, environment, projects, engineering, and senior management as well as with the Board of Directors regarding ESG and Risk Management.

Key Responsibilities

Responsibilities for this position may include but not limited to:

- Manage all aspects of financial analysis including working with external stakeholders (banks, prospective joint venture partners, First and Treaty Nations)
- Develop and implement a repeatable, secure process for ESG data collection/reporting
- Manage and deploy in-house RMS system with appropriate reporting at site, corporate and board levels
- Manage virtual data base for due diligence requests
- Interface with Corporate Finance to ensure financial models reflect tax/accounting guidelines for Seabridge Gold

Education, Skills and Experience

- Requires a bachelor's degree in business or an MBA, and a bachelor's degree in engineering or other equivalent qualifications
- Minimum 10 years' experience with a high level of working knowledge of resources, mine construction and operations, to quickly dispatch due diligence requests to appropriate Seabridge staff or consultants. Clear and concise direction is necessary.
- Experience (5+ years) years at an operating mine or construction project
- Comprehensive knowledge of both pre- and post-tax discounted cash flow models
- Experience with risk registers and with ESG metrics
- Strong written and oral communications skills
- Maintain high standards of professional and ethical conduct
- Strong engagement skills with key stakeholders
- Proficient in Microsoft Word, Excel, PowerPoint and, searching large datafile tree structures
- Investment banking and corporate development exposure/experience is preferred

Location

Remote – Home based with required travel to Vancouver, BC, Denver, CO, Toronto, ON and project sites

Our Offer

- an exciting opportunity to contribute to the success of the business and reach your full potential
- competitive salary and performance-based bonus plan
- health and welfare benefits

Apply

We are pleased to consider all qualified applicants for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, protected veterans' status, Indigenous status, or any other legally protected factors.

Please apply through email to hr@seabridgegold.com and attach your Cover Letter and Resume in Word or PDF format. Thank you for your application, however, only those selected for an interview will be contacted.

Closing Deadline: December 1st, 2021
