

Community Donation Request Form – Events

At Seabridge Gold, we believe that being a responsible and welcome member of the communities in which we operate is an essential part of our business strategy.

As part of our commitment to ensure local communities benefit from the KSM Project, annually, we participate in multiple initiatives and events through sponsorships and donations.

The local communities we support are:

- Dease Lake
- Hazelton
- Smithers
- Gingolx
- Iskut
- Stewart
- Gitanyow
- Kitwanga
- Telegraph Creek
- Gitlax'aamiks
- Laxgaslts'ap
- Terrace
- Gitwinksihlkw

The Application Process:

Requests for Community Donations are reviewed once a month and responses can generally be expected in the first week of the following month. If you are successful, you will be provided with a billing information form to complete and requested to submit an invoice in the amount of your donation approval. Once we receive the invoice, it will take approximately 30 days for your organization to receive payment.

Please ensure your application is complete and accurate to reduce processing time. You may also provide supporting documents with this form, such as letters of support, event posters, or a sponsorship letter.

COMMUNITY SPONSORSHIP AND DONATION POLICY:

Seabridge Gold and its KSM Project are committed to being a valued partner in the communities in which we operate. We, therefore, support economic, social, and environmental initiatives undertaken by local communities, community groups, Treaty Nations, and First Nations.

Community Sponsorship and Donation Funding

The objective of our community sponsorship and donation funding is to enhance the well-being of the communities in which we operate. Our priorities for donations are programs, projects and events which improve education, health, and recreation.

Eligibility Requirements

Preference will be given to local community organizations, activities, initiatives, or projects which can demonstrate that they have significant community support, clearly defined benefits to one or more communities and sustainable funding. Seabridge has a limited budget for sponsorship and support; funding is not open-ended. Donations are monitored to ensure effectiveness.

Requests for funding will be evaluated using the following criteria:

- How accessible is the event/project to individuals in the region?
- Does the project/event deliver or support more than one community?
- Does the project/event generate sustainable benefits within the community?
- Does the event/project promote the acceptance of mining in the community or help to develop skills or expertise in the community that could be needed by the Company?
- Does the project/event provide Seabridge an opportunity for positive PR exposure?
- Would this donation violate any of the constraints outlined in Seabridge's Community Sponsorship and Donation Policy?

The following will not be considered for funding:

- Organizational operating expenses – including salaries, utilities, and overhead costs
- Religious or sectarian organizations (except where they provide non-denominational community and social support services)
- Political organizations, political events, and candidates for elected office
- For-profit organizations
- Endowments or debt reduction campaigns
- Events and activities that take place outside of the region
- Retroactive requests
- Donations benefiting an individual person rather than an organization.
