

KSM MINING ULC

A SUBSIDIARY OF SEABRIDGE GOLD INC.

KSM Project – Bursary Application

Seabridge Gold owns the KSM Project, a proposed gold, copper, silver, and molybdenum mine, located 65 north of Stewart, BC. The KSM Project will employ approximately 1,800 people during its 5-year construction and approximately 1,040 jobs during its 52-year mine life. While construction has not yet started on the KSM Project, Seabridge Gold supports building a strong workforce in northwest BC and finds value in supporting residents to further education and training. As a result, Seabridge Gold implemented a bursary program to support students from northwest British Columbia (BC) to access education and training.

If you are a resident of northwest BC (defined as west of Burns Lake north to the Yukon border), currently enrolled in studies, complete the following application for an opportunity to receive financial support towards your education. Applications will be reviewed and scored, based on the completion of the application and submission of the required documents.

The winter application is applicable for students enrolled in studies for the fall semester (January -April).

The fall application is applicable for students enrolled in studies for the fall semester (September -December).

Submission Deadlines:

Winter Bursary
March 1st

Fall Bursary
September 1st
